There are some big surprises ahead of the young man who thinks he understands women.

Pneumonia

"In treating pneumonia," says Dr. W. J. Smith, of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While, of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." For sale by all dealers.

NEW MEXICO NEWS

There are twenty-five candidates for admission to the bar at the January term of the supreme court, eight of them on examination and seventeen upon certificate.

The board of territorial bar examiners decided that the charges brought against Attorney Fred A. McDonald, of Clovis, Curry county, have not been substantiated, but took no action on the application of Mr. McDonald for admission, not expecting to take action until an indictment pending against Mr. McDonald has been disposed of.

Governor Curry has received from Secretary of the Interior Richard A. Ballinger, copies of all bills thus far introduced in congress affecting New Mexico or any of its people, with a request for recommendations on the same. Quite a number of local bills are included in the batch and Governor Curry and Attorney General F. W. Clancy are examining them closely and will write their opinion to the secretary of the interior within a very short time.

Territorial Engineer Vernon L. Sullivan has approved the application of the Ute Creek Ranch company, Chas. Remsburg, et al, of Raton, for reservoir construction to use waters in winter already appropriated; to reclaim 940 acres at a cost of \$3,000. The dam will be 43 feet high. This was application No. 205. Applications Nos. 228 and 230 of the same company on Cieneguilla and Nine Mile creeks in Colfax county, were rejected, as the waters had already been appropriated for the Eagle's Nest project near Cimarron.

Carl Leopold, proprietor of the Palace saloon at Roswell, was yesterday committed to the county jail to serve a sentence of sixty days imposed in district court two years ago after pleading guilty to the illegal sale of liquor. At that time Judge William H. Pope suspended sentence during good behavior. However, affidavit was made to the district attorney that he had again violated the liquor law in selling to minors, and additional to the new charge, Judge Pope ordered that the old sentence be carried out. Gatewood & Graves have instituted habeas corpus proceedings to test some constitutional points in the case and attempt to get the defendant out of jail.

Territorial Engineer Vernon L. Sullivan has granted two applications for water appropriation in Taos county, subject to the usual provisos under which these applications are granted on tributaries of the Rio Grande. One is No. 291, by Alexander Gusdorf and Parker M. Black, of Taos, for 3.8 second feet of water out of Miranda Arroyo on the Cristoval de la Serna grant, to reclaim 700 acres of land at a cost of \$19,000. The dam will be 65 feet high. The other application is that of Alexander Gusdorf for four second feet out of the same stream on the same grant. This dam is to be 65 feet high and 820 acres are to be reclaimed at a cost of \$10,000. Both projects are to be completed by June 17, 1912.

Looking One's Best

It's a woman's delight to look her best, but pimples, skin eruptions, sores and boils rob life of joy. Listen! Bucklen's Arnica Salve cures them; makes the skin soft and velvety. It glorifies the face. Cures pimples, sore eyes, cold sores, cracked lips, chapped hands. Try it. Infallible for piles. 25c at all druggists.

With the people who are satisfied to drift on the tide, the tide is generally running out.

One of the best investments to be found in the city of Las Vegas today is an Optic want ad. It will bring you results. Whether you want to sell something or buy something, you can't lose. Only a little trouble to try this.

PROGRAM FOR MEETING OF EDUCATIONAL ASSOCIATION

Santa Fe, N. M., Dec. 18.—The twenty-fourth annual meeting of the New Mexico Educational association will take place at Roswell, December 28-29-30. The attendance at the educational association has increased steadily from year to year, reaching the highest mark at the Albuquerque meeting in 1908. From all indications the meeting at Roswell will exceed in attendance all previous conventions of this kind. The outline of the program for the general session follows: Tuesday Session, Dec. 28th—Evening 8 O'Clock.

General Session. Presidents' Address. Announcements. Social Hour. Wednesday Session, Dec. 29th—Morning, 9:30 O'Clock. General Session. "The Debt of the Public to the Schools"..... Prof. J. H. Vaughan, Agricultural College. Hon. Hiram Hadley, Mesilla Park. "The Most Vital Needs of the New Mexico Public Schools"..... G. A. Richardson, Roswell. "The Education of an Educator"..... Dr. E. McQueen Gray, Albuquerque. "Waste in School Management"..... Supt. J. E. Clark, Santa Fe. Afternoon—Two O'Clock. Section Meetings. Institute Section, 3 to 4 o'clock. County Superintendent's Section, 2 to 3 o'clock. High School and College section, 2 o'clock. Elementary Schools section, 2 o'clock. Evening—Eight O'Clock. General Session. Lecture—Hon. Alexander Hogg, Fort Worth, Tex. Thursday Session, Dec. 30—Morning, 8:15 O'Clock. Council Meeting. Conference Music and Drawing Supervisors, 9:45 o'clock. Lecture—Hon. Alexander Hogg, 10:50 o'clock.

The Peace Movement in the Schools"..... Prof. J. H. Vaughan, Agricultural College. 11:00 O'Clock. Business Session. Afternoon. Sight-seeing—Valley trips. Evening—Eight O'Clock. Oratorical Contest. Wednesday afternoon will be devoted to meetings of various sections, principally, the Institute Workers' section; County Superintendent's section; High School and College section, and the Elementary School section.

One of the most helpful features of the meeting will be the lectures and addresses by Hon. Alexander Hogg, of Fort Worth, Tex., who has long been a prominent figure in national educational circles. On Thursday evening will occur the fifth annual oratorical contest of the New Mexico Interscholastic Oratorical association, when the representatives of ten high schools will compete for the first prize in public speaking with one another and four representatives of the higher educational institutions will vie among themselves for first honors.

The attractions as arranged by a local committee are many and interesting—athletic contests on the afternoons of December 28th and 30th, several receptions, so arranged as not to interfere with the serious work of the convention, and sight-seeing trips through the valley on Thursday afternoon, will add greatly to the interest and profit of the trip.

THE REGULATION OF PRICES

A western politician is reported in the press as about to lead a new crusade against all railroad and corporation property. Reformers like Mr. Roosevelt and Mr. Taft, whose purpose is simply to curb, restrain and regulate the exercise of corporate power, without any confiscatory effects, are far too mild for him. He insists that there must be one kind of law and justice for him as an individual owner of property, and entirely another kind when a number of owners of property associate themselves together and make use of their joint belongings for purposes of profit, as well as for the development of the country and the general good.

When the gentleman settled in the west he perhaps took up government land at \$1.25 an acre. Others settled near him, a town grew up not far away, the farms were improved, and after some years would sell readily for \$100 per acre. What does he propose to do with the unearned increment? Does he consider that it belongs to the public in any way? By no means. It is the just reward of his own foresight in selecting a home, of his enterprise, energy and industry in developing it, the motives and rewards which alone have settled the west and made flourishing communities of it. But when in the course of such a development it becomes necessary to set on foot larger enterprises than any individual is capable of carrying through, and a number of people looking also for a just reward unite their means and their energy, often to meet heavy losses, they are told that when they do succeed and build up a great business and make a rich domain of what but for them would have remained a wilderness, there can be no reward for them beyond a minimum rate of interest on the amount of original capital invested. No matter how valuable the property grows, nor what it can earn at fair rates, everything but interest on the first investment must go to the public.

Truly a great and wise scheme for encouraging enterprises and building up the country. How many young men would ever have come west had they been told they would never be permitted to sell their farms for more than the \$1.25 an acre they paid for them, and that if they sold products off them, for more than interest on actual cost and the cost of running the farm, the surplus must go into the public treasury. The mere fact that the railroads, which are largely for public purposes, and for the public benefit, exercise the right under the state of eminent domain in building their lines, is no reason why associated capital taking great risks in developing great enterprises, should be less favorably treated or receive any less return than private capital invested for purely personal ends. To do it would be unjust discrimination, would bring enterprise to a standstill, and would be to put into effect the socialistic doctrine of arbitrarily taking property from those who own it and distributing it by a process of so-called law. There is another question which suggests itself if even-handed justice is to be meted out to everybody. If the profit on capital engaged in transportation or manufacturing is to be thus drastically "regulated," why not also that which is engaged in producing foodstuffs? We must eat or starve, and the farmers are combining everywhere to put up the price of everything, and are growing rich faster than any other class in the community.

If we are going to have state regulation of cost of anything and of combination, let it extend impartially to the cost of everything, and to all combinations. Stung For 15 Years by indigestion's pangs—trying many doctors and \$200.00 worth of medicine in vain, B. F. Ayasue, of Ingleside, N. C., at last used Dr. King's New Life Pills, and writes they wholly cured him. They cure constipation, biliousness, sick headache, stomach, liver, kidney and bowel troubles. 25c at all druggists.

GOLDSBORO HEARD FROM

A Lady Who Lives in Goldsboro Joins in the Chorus of Praise for Cardui, The Woman's Tonic.

Goldsboro, N. C.—"A physician treated me for many distressing symptoms," writes Mrs. Etta A. Smith, "but gave me no relief."

"I suffered with neuralgia around the heart and was troubled at times with my head. I had pain in my left side, bowels, left thigh, shoulders and arms."

"After taking Cardui, I am now well and can recommend it to other suffering women."

Just such doubtful symptoms, as those from which Mrs. Smith suffered, are the ones for which it will pay you to take Cardui, the woman's tonic.

It is at such times, when there is nothing to show, for certain, the real cause of the trouble, that you need a tonic, to give the body strength to throw off the illness that evidently threatens.

Take Cardui, when you are ill, with the ailments of your sex. Take Cardui as a tonic, to prevent illness, when you feel it coming.

Your druggist keeps it.

N. B.—Write to Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Social Instructions, and 64-page book, "Home Treatment for Women" sent in plain wrapper on request.

Women don't take any interest in going out camping to catch fish, because there is so much more sport in catching men at home, and it's ten times as easy.

Health is More Expensive Than Any Cure

This country is now filled with people who migrate across the continent in all directions seeking that which gold cannot buy. Nine-tenths of them are suffering from throat and lung trouble or chronic catarrh resulting from neglected colds, and spending fortunes vainly trying to regain lost health. Could every sufferer but undo the past and cure that first neglected cold, all this sorrow, pain, anxiety and expense could have been avoided. Chamberlain's Cough Remedy is famous for its cures of colds, and can always be depended upon. Use it and the more serious diseases may be avoided. For sale by all dealers.

Our idea of a foolish woman is one who is afraid of a mouse and isn't afraid of a man.

Choked to Death

is commonly said of babies who have died of the croup. How unnecessary this is. No child ever had the croup without having a cold or cough at the start. If you will stop the first symptom of the cough with Ballard's Horehound Syrup there is no danger whatever of croup. Sold by Center Block Depot Drug Co.

It's imagination that makes people believe they are having fun when they are just being plain fools.

The Correct Time

to stop a cough or cold is just as soon as it starts—then there will be no danger of pneumonia or consumption. Just a few doses of Ballard's Horehound Syrup taken at the start will stop the cough. If it has been running on for sometime the treatment will be longer, but the cure is sure. Sold by Center Block Depot Drug Co.

Next to weddings and funerals a woman gets the most satisfaction out of religion.

If you desire a clear complexion take Foley's Orino Laxative for constipation and liver trouble as it will stimulate these organs and thoroughly cleanse your system, which is what everyone needs in order to feel well. Red Cross Drug Co. and O. G. Schaefer.

Wigwag—"The Bible says man is made of dust." Guzzler—"Is that so? No wonder I'm always dry."

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. Red Cross Drug Co. and O. G. Schaefer.
